Healthy Body, Mind & Spirit!

Small Biz CEDC is has been giving back to the community since we were established in April 2008. Over the years, created several programs that have been beneficial the community; they are as follows: “ At-Risk Youth Entrepreneurship Program”, “Career & Educational Readiness Training”, “Cell Phone Workshops for Seniors”, “Adopt-A-School Program”, “Sealing and Expungement One-Stop” and “Community Health & Wellness Fest”.

We are partnering with “Oasis of Love” and “Broward County Sheriff’s Office” to present our “7th Annual Community Health & Wellness Fest”. We are asking for your sponsorship to help make the event a success. Last year over 3,100 lives were touched by providing each family who attended with a turkey and food. In 2021, we are expanding the event by providing participants with information on how and where to apply for health care and obtain health screening from health care providers. We will also give them information on other resources that are available throughout the community by placing the information, promotional materials (may include discount coupons and other promotions), and items in goody bags that they can share with their families. Help us spread the word of health and wellness. Together we can make a difference! Please review the attached sponsorship package and support health and wellness in our community.
